DEFINITIONS USED IN THIS POLICY

CCH

CCH Board of Elders

The Elders are the Guardians of the Vision and Values of CCH. They are responsible for the delegation of authority to the Senior Pastor and carry ultimate responsibility for CCH.

CCH People

CCH people includes:

- employees of CCH,
- volunteers and other members of the church who may or will have a Direct Role

Child Protection Policy

The Child Protection Policy is this document that defines the principles that are implemented to ensure that Children who access a program, service or facility are protected from harm by Pastors, staff, volunteers and other members of CCH.

Direct Role

A role that includes, or is likely to include, providing services that are directed towards a child or Young person (whether in whole or in part), or conducting activities that may involve a Child or Young person (whether in whole or in part), and includes the supervision of persons in Direct Roles (for example, an elder of a church is in a Direct Role, irrespective of whether they actually work with Children, because of their overarching supervisory duties).

Harm

Harm, to a Child or Young Person, is any detrimental effect of a significant nature on the Child or Young Person's physical, psychological or emotional wellbeing. It is immaterial how the harm is caused. Harm can be caused by physical, psychological or emotional abuse or neglect; or sexual abuse or exploitation; a single act, omission or circumstance; or a series or combination of acts, omissions or circumstances.

Risk

A Child or Young person is at risk of harm if harm has not yet occurred but is likely to occur in the future, given risk factors identified in the present. A Child or Young person may be assessed as in need of protection if the level of future risk is identified as likely (probable), not just possible (may occur); the probable harm will have a significant detrimental effect on the Child or Young Person if it does occur; and there is not a parent able and willing to protect the Child or Young Person from future significant harm.

Sexual abuse

Sexual abuse occurs when a person with a position of power involves a Child or Young Person in any sexual activity. Perpetrators of sexual abuse take advantage of their power, authority or position over the Child or Young person for their own benefit. It can include making sexual comments to a Child or Young Person, engaging Children to participate in sexual conversations over the internet or on social media, kissing, touching a Child or Young Person's genitals or breasts, oral sex or intercourse with a Child or Young Person. Encouraging a Child or Young Person to view pornographic magazines, websites and videos is also sexual abuse. Engaging Children to participate in sexual conversations over the internet is also considered sexual abuse.
